Local Plan review consultation status **Notes**

LP is an abbreviation for Local Plan.

All London boroughs will be reviewing their Local Plans most of the time. For the purposes of this monitoring, **Under review** means that consultation has started on a Local Plan review.

Early engagement is where a borough has made it explicitly clear that an early consultation which has taken place is not for the purposes of Regulation 18.

Regulation 18 & Regulation 19 refer to the sections of the legislation for LPs. More information can be found on the Government's [Plan Making web page](#).

Information on the **Examination in public** can be found on the [Local Plans web page](#).

Recently adopted means a borough has formally adopted their Local Plan within the last 2 calendar years.
